Qualitative Comments: -

He is a very nice person and a really good professor. The teaching experience was impeccable. He cleared the doubts and gave a clear view of the concepts.

I have learnt alot from the course and the professor made sure that all the concepts were clear

It was good .

The professor was really involved in ensuring that the students understand the concepts in the course. However

I found the pace of the course a little too fast

considering every lecture was conceptually as well as factually heavy and even final year and Masters students can find these a bit too hard to grasp. But the professor made a lot of efforts to ensure we understand at least the basics of each lecture. It was a challenging course

The overall experience of the course was very good and engaging.

An absolute dream of a class. Thoroughly brilliant teaching !
